

## WHAT IS CLAIMED IS:

1. A hollow golf club head comprising a body, a face and a crown,

wherein the crown includes an outer plate and an inner plate opposed to each other with a gap provided therebetween, and

the outer plate and the inner plate are partially bonded to each other in a plurality of portions.

2. The golf club head according to claim 1, wherein a portion between the outer plate and the inner plate is filled with a synthetic resin.

3. The golf club head according to claim 1, wherein the outer plate and the inner plate are formed of a titanium alloy.

4. The golf club head according to claim 2, wherein the outer plate and the inner plate are formed of a titanium alloy.

5. The golf club head according to claim 3, wherein the outer plate and the inner plate have thicknesses of 0.1 mm to 0.6 mm, respectively.

6. The golf club head according to claim 4, wherein the outer plate and the inner plate have thicknesses of 0.1 mm to 0.6 mm, respectively.

7. The golf club head according to claim 1, wherein a volume is 300 cm<sup>3</sup> or more.

8. A golf club comprising a shaft, a hollow head attached to a front end of the shaft, and a grip in which a rear end of the shaft is fitted,

wherein the head includes a body, a face and a crown, the crown has an outer plate and an inner plate opposed to each other with a gap provided therebetween, and

the outer plate and the inner plate are partially bonded to each other in a plurality of portions.
